

HILLCREST

PROJECT PROFILE

Project Area

466 Acres

Year

2022 - 2023

Clients

Sunterra, Richland
Communities, L.D. Plante

Hillcrest, Sorrento, FL

Hillcrest is a large new master planned community located in Sorrento, Florida. With 1,725 proposed dwelling units, Hillcrest meets the growing need for new homes in this fast-growing area of Lake County. Hillcrest is envisioned as a series of distinct neighborhoods, separated by natural buffers, all with their own neighborhood amenities and open spaces. The planned community offers an array of housing options, from luxury multifamily apartments, to townhomes, and single family homes of varying sizes. This community will also have a balance of neighborhood serving commercial and retail.
