

LAKESHORE

PROJECT PROFILE

Client

Pillar Homes

Year

2021

Project Area

266 Acres

Lakeshore, Lake County, Florida

Located in Lake County, Florida, Lakeshore is a master plan of two residential communities; Lake Nellie Crossings to the north and Holly Hill to the south. These communities are intended to be suburban in form and character, with large lots, a curvilinear natural street pattern, and landscaped open spaces between lots. In order to preserve the natural character of the area, 50% of the developable land is preserved as open space. Numerous homes will have expansive views of the surrounding lakes and wetlands.
