

# PARK SQUARE GROVELAND

## PROJECT PROFILE

### Client

Park Square Homes

### Project Area

22 Acres

### Year

2022

## Park Square Groveland, Groveland, FL

Located south of State Road 50 in Groveland, Florida, this mixed use community of luxury apartments and commercial / retail is an urban community with opportunities to live, work, and play. A community amenity building overlooks a pond, with walking paths and assorted recreation facilities. Along the frontage of the community on State Road 50, a section of the Florida Coast to Coast trail will be built, providing better local pedestrian connectivity in the area. Being an urban community, retail and residential buildings frame tree lined streets with on-street parking and wide sidewalks. The community also sets the stage for future adjacent development to continue the regular pattern of blocks, creating a new urban fabric for the area.
